- Github: <https://github.com/youngimmortal-p>

Passionate frontend developer skilled in building responsive and modern web applications using React.js, Tailwind CSS, and JavaScript. Strong understanding of clean UI/UX design and eager to contribute to impactful projects.

SKILLS

- **Languages:** JavaScript, HTML5, CSS3
- **Frameworks & Libraries:** React.js, Tailwind CSS, W3.CSS
- **Tools:** Git, GitHub
- **Other:** Responsive Design, Debugging, API Integration

PROJECTS

Foodies - [View Project](#)

Tech Stack: Reactjs, TailwindCSS, shadcn/ui

Description: Foodies is a modern frontend project for a restaurant, designed to attract customers with a rich UI and seamless browsing. Implemented in **ReactJS**, the project leverages **Tailwind CSS** for responsive styling and **shadcn/ui** for accessible, prebuilt UI components.

Key features include:

- Hero section with strong CTAs
- Menu highlights with styled cards
- Reservation/contact section for customer conversion
- Fully responsive grid-based layout and modern animations

The project is deployed on **Vercel** for fast, reliable hosting.

Travel Explorer – [View Project](#)

Tech Stack: HTML, CSS

Description : Travel Explorer is a responsive landing site designed to convert visitors into inquiries. Implemented with **semantic HTML** and **handcrafted CSS**, the project emphasizes:

- Clear hero messaging and prominent CTAs

- Package comparison cards and testimonial section for trust
- Accessible contact form and mobile-first responsive design

I handled the full front-end implementation (layout, styling, responsive behavior, and basic form validation). Deployed on Vercel — live demo available in the portfolio.

Velare — [View Project](#)

Tech Stack: React, CSS

Description: Velare is a polished React site highlighting modern UI design, smooth transitions, and responsive layouts. Using **React** for structure and state management and plain **CSS** (or CSS modules / plain stylesheets) for styling, I aimed to deliver a clean and fast user experience across screens. The interface emphasizes readability, subtle animations, and layout consistency.

EXPERIENCE

REMOTE | 2023 – PRESENT

Freelance Frontend Developer

- Designed and developed responsive websites and web apps for small businesses and individuals using **React.js, JavaScript, Tailwind CSS, and HTML/CSS**.
- Built custom portfolio and landing pages that improved client visibility and user engagement.
- Integrated **APIs** and optimized website performance to deliver fast, mobile-friendly solutions.
- Collaborated with clients to understand requirements and deliver solutions tailored to their goals.
- Managed projects independently, from planning and coding to deployment on platforms like **Vercel**

EDUCATION

2024 - PRESENT

BSC.ED, OLABISI ONANBANJO UNIVERSITY
